Hiawatha Boat Launch is Not a “FREE” Public Facility

- The expenses to maintain the Hiawatha Boat Launch are paid by the HFN Council.
- In the past voluntary contributions were asked of users to offset the costs of maintaining the boat launch.
- Because donations are not being made, the HFN Council has implemented a mandatory $10 per day fee for parking at this location.
- Non payment will result in towing at the owner’s expense and HFN is not Liable for any damages or additional expenses.
