To refer your caller to a COVID-19 Assessment Centre they must meet the screening definition - read application directions carefully.

For questions related to Assessment Centres, testing or screening criteria; advise callers to follow up using the numbers provided in the Application or PHU columns.

WARN your caller - not everyone who goes to the centre will be tested

Ontario is waiving the three-month waiting period for (OHIP) coverage. Additionally, the province will cover the cost of COVID-19 services for uninsured people who do not meet the criteria for OHIP coverage.

COVID-19 Assessment Centres

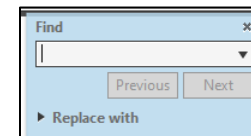

Updated April 23 3:00 PM
