

## **HFN By-Law #11- Construction, Additions and Repairs**

This notice is to remind all HFN citizens that Hiawatha First Nation has a By-Law that was enacted on December 7<sup>th</sup>, 1978 at a duly convened meeting of the HFN Council. It states that, “No construction of any new buildings, or no new additions to existing buildings, may be made on the Reserve, without first receiving a permit from the Administrator of our Band.”

Please ensure that you are providing a building permit application to the First Nation Administrator, and a permit is approved before work commences on-territory. Please note that this includes residential and business projects. The building permit application can be found on the HFN website, as well can be requested. By-Law #11 will be monitored and enforced accordingly.

Miigwech,

Trisha Shearer  
First Nation Administrator
