

Community Feedback Survey Results

A survey was sent out to community to provide input and feedback on the phased approach

General Comments

- Appreciative of HFN for keeping the community safe
- Thank you to the health team for being so innovative and working so hard
 - Don't rush the re-opening

Checkpoint

- 57% believe the checkpoint was effective
- 66% of people said they would like to see the checkpoint set up in the case of a second wave

Other comments:

- The checkpoint was in a great location that let people turn around if they need to
- Volunteers at the checkpoint were polite and respectful
- Police presence would be beneficial if the checkpoint was setup again

Phases

- 64% of people believe that the timing of phase 1 & 2 has been appropriate
- 69% felt that the communication regarding phase 1 and 2 has been clear

Other Comments:

- would like to see a roll-out of previous phase in the case of a second wave
- Many people would like to see recreational spaces open in phase
