GET INVOLVED IN THE COMPREHENSIVE COMMUNITY PLAN

What is Comprehensive Community Planning? (CCP)

CCP is a plan to look at what the community wants to be in the long term.

Why are we undertaking this now?

It's important to set a plan that will see the Hiawatha Nation develop in line with your community's goals!"

HIAWATHA HISTORY DRIVEN, FORWARD LOOKING

A CCP **MUST** BE COMMUNITY DRIVEN

What will a CCP plan do for us?

It will give ownership of the future to the entire community and clear directives to leadership. It means that you determine your future!

How does a CCP work?

A CCP should be community driven – that means getting involved – the more involvement the better the plan

What does involvement look like?

- Could be an individual meeting
- Community meeting
- Family meeting
- Existing group meetings

Who will be leading this?

An Aboriginal consulting group, Daniel J Brant & Associates have been retained to conduct the exercise
