

An Important Message From Hiawatha First Nation (HFN) Police Services

There have been several calls and messages left on cell phones for police services. These messages may be missed or not be answered in a timely manner if the Officer is off-duty.

HFN Police is not a “stand alone” police service, therefore, calling the 1-888# gets prompt police service from either the HFN Police or the OPP. Police calls are tracked through the OPP Communication Centre.

You Must Call
[1-888-310-1122](tel:1-888-310-1122)
**And speak to a dispatcher at the OPP
Communication Centre**

This will ensure a prompt response and your safety and others during a police call.

Hiawatha Police Services include:

- Law enforcement duties
- Preservation of peace
- Public safety and education
- Community base policing
- Patrols (ATV, snow machine, marine and vehicle)

Miigwetch,
HFN Police Services
