As we, and the rest of the province begin to slowly open this does not mean personal precautions should not be taken. We must remain vigilant and keep those safe who are vulnerable due to potential COVID-19 complications safe.

Even though vaccinations are well under way, we need to protect our Community by having strict health and safety measures in place, as our children are not yet vaccinated, nor some of our Citizens.

Along with Ontario's Guidelines that are in place under their Step 1 Re-Opening Plan, Hiawatha also has the following Guidelines in place.

**Administration and Health Offices and Youth Centre:**

- Re-opened on June 7, 2021, appointments will need to be booked if you need to meet with Administration and/or Health Staff.
- Will continue to strictly follow the safety measures laid out in the organization's safety plans.

HFN Offices, ORRS and the Business Owners do have a COVID-19 health and safety plan in place and these measures will be strictly followed. Those who access the businesses must comply with the health and safety measures in place or they will not be served and asked to leave.
